Mr. Duckett

Action on the IG Survey on
Foreign Intelligence Collection
Requirements

Carl:

Following our conversation yesterday, I sent to each DDS&T Office Director a copy of Admiral Taylor's memo to the Deputy Directors (3 Oct), his memo to the DCI (28 Jul) and the Director's memo to Admiral Taylor (28 Jul). This was given to them for information and guidance and with the statement that the matter would be brought up at one of your Staff meetings. Perhaps you might wish to mention it this Thursday and suggest that Office Heads submit individual contributions for a DDS&T response by 7 December.

The Director has set a deadline of 1 January 1968 to review the progress made since the survey was conducted. Admiral Taylor specifically referred to the Director's instructions for "a detailed undertaking and a thorough examination of where we stand at that time."

A Directorate deadline for 7 December would provide the opportunity for further discussion at that Thursday Staff meeting and, also, time to polish up a report to have it ready for the Director's 1 January deadline.
